THIRTY-THREE NEW COVID-19 CASES IN JACKSON COUNTY

Jackson County Health Department was notified in the past 24 hours of 33 Jackson County residents having contracted COVID-19. The individuals are as follows:

- Female – three under ten, one teen, five in their twenties, two in their thirties, one in her fifties, and one in her seventies;
- Male – one under ten, two teens, five in their twenties, four in their thirties, six in their forties, one in his fifties, and one in his sixties.

379 active cases are currently being managed. To date, there have been 3,499 cases in the county, including 54 related deaths. Twenty-one individuals were released from isolation, in accordance with CDC guidelines, bringing the total released to 3,066 individuals.

To protect themselves and their families, residents of Jackson County should immediately and consistently take the following actions:

- 1) Stay home as much as possible. Only go out for work or essential items, if possible.
- 2) Avoid parties and gatherings of all sizes - crowds are an ideal environment for spreading COVID-19.
- 3) Keep at least 6ft of space between yourself and others as much as possible.
- 4) Wear a face mask around others. Research shows cloth masks protect the wearer, as well as others.
- 5) Stay home if you are sick, even if you only have mild symptoms. Get tested. Self-isolate while awaiting test results. Stay home when placed on isolation or quarantine.
- 6) Workplaces should follow all guidance published by IDPH and DCEO, as well as the Restore Illinois Resurgence Mitigations.
- 7) Return calls to public health officials and follow their instructions.

If you have a fever, cough, difficulty breathing, fatigue, muscle aches, loss of taste or smell, nausea, diarrhea, or other symptoms, call your health care provider for further guidance. Two providers are conducting COVID-19 testing in Jackson County: Call either Southern Illinois Healthcare (SIH) at 1-844-988-7800; or Shawnee Health Service at 618-519-9200.
