TWENTY-THREE NEW COVID-19 CASES IN JACKSON COUNTY

Weekly Vaccination Update Available

Jackson County Health Department was notified in the past 24 hours of twenty-three Jackson County residents having contracted COVID-19. The individuals are as follows:

- Female – one under ten, three teens, four in their twenties, two in their sixties, and one in her seventies.
- Male – two under ten, one teen, four in their twenties, one in his thirties, one in his forties, one in his fifties, and two in their sixties.

297 active cases are currently being managed. To date, there have been 4,009 cases in the county, including 63 related deaths. Twenty-two individuals were released from isolation, in accordance with CDC guidelines, bringing the total released to 3,649 individuals.

If you have a fever, cough, difficulty breathing, fatigue, muscle aches, loss of taste or smell, nausea, diarrhea, or other symptoms, call your health care provider for further guidance. Two providers are conducting COVID-19 testing in Jackson County: Call either Southern Illinois Healthcare (SIH) at 1-844-988-7800; or Shawnee Health Service at 618-519-9200.

Please visit JCHD's website, www.jchdonline.org, to see our weekly COVID-19 Vaccination Update. The update includes answers to many of the public's most frequent vaccination questions. JCHD will post this update every Friday moving forward, and our Facebook and Twitter posts will link to it. Continue to follow our sites for the most current information on COVID-19.
