TWENTY-TWO NEW COVID-19 CASES IN JACKSON COUNTY

Phase 1b Vaccinations Continue

Jackson County Health Department was notified in the past 24 hours of twenty-two Jackson County residents having contracted COVID-19. The individuals are as follows:

- Female – one under ten, one teen, two in their twenties, three in their thirties, two in their forties, two in their fifties, one in her seventies, and one in her eighties;
- Male – one under ten, four in their twenties, three in their thirties, and one in his sixties.

167 active cases are currently being managed. To date, there have been 4,419 cases in the county, including 66 related deaths. Twenty-nine individuals were released from isolation, in accordance with CDC guidelines, bringing the total released to 4,186 individuals.

If you have a fever, cough, difficulty breathing, fatigue, muscle aches, loss of taste or smell, nausea, diarrhea, or other symptoms, call your health care provider for further guidance. Two providers are conducting COVID-19 testing in Jackson County: Call either Southern Illinois Healthcare (SIH) at 1-844-988-7800; or Shawnee Health Service at 618-519-9200.

Jackson County Health Department is vaccinating individuals eligible under Phase 1b of the State vaccination plan. Those eligible include persons 65 years of age and older and “frontline” essential workers. Due to overwhelming demand and limited vaccine supply, all scheduled clinic appointments through the end of February have been booked, except for some reserved for 2nd doses only. If vaccine supply were to increase then we would open additional appointments. If you are eligible under Phase 1b, reside or work in Jackson County, and do not have an appointment booked, continue to follow the website for appointment openings. No walk-in vaccinations are occurring at the health department. People may also reference our weekly “COVID-19 Vaccination Update” for answers to many questions. The update is posted every Friday to our website (www.jchdonline.org).

Retail pharmacies will start vaccinating eligible individuals soon, as well. Walgreens on Wall Street in Carbondale is currently taking appointments for eligible individuals. Appointments can only be made online at walgreens.com/covid19vac. A walgreens.com account must be created. No other retail pharmacy locations in Jackson County are currently known to be administering vaccine.

Page Two

The vaccination effort will last many months. As vaccine supply increases, and other medical providers and pharmacies begin vaccinating, the speed of vaccination efforts will increase. Every person wanting vaccinated will eventually be served. Please be patient and continue to take precautions to protect yourself and your family from the spread of COVID-19.
