### TWENTY-ONE NEW COVID-19 CASES REPORTED IN JACKSON COUNTY

Jackson County Health Department was notified in the past 24 hours of twenty-one Jackson County residents confirmed to have contracted COVID-19. The individuals are as follows:

- Female – one under ten, one pre-teen, three in their twenties, three in their thirties, one in her forties, one in her fifties and one in her nineties;
- Male – two teens, five in their twenties, two in their forties and one in his nineties.

They acquired the disease either through contact with known cases or through transmission in the community (i.e., unable to trace back to a known source). They are being placed in isolation.

Ninety-five active cases are currently being managed. To date, there have been 912 confirmed cases in the county, including 21 related deaths. Six individuals were released from isolation, in accordance with CDC guidelines, bringing the total released to 796 individuals. All data is preliminary and subject to change.

Two providers are conducting COVID-19 testing of eligible individuals in Jackson County: Southern Illinois Healthcare (SIH) – Call 1-844-988-7800; and Shawnee Health Service – Call 618-519-9200. Call one of them, or your healthcare provider, to inquire about getting tested.

In related COVID-19 matters: The State of Illinois has updated its guidance to bars and restaurants under Phase 4 of the “Restore Illinois” plan. Newly added is the following minimum guideline: Patrons should wear face coverings when approached or serviced by an employee and when picking up carry out orders. Also, newly added is the encouraged best practice of patrons wearing face coverings when picking up food at a drive-thru window. These additions help to reduce the risk of transmission between wait staff and patrons. Links to Phase 4 guidance can be found at [www.jchdonline.org](http://www.jchdonline.org).
